

# RENTAL SOLUTIONS

The Industry's Smartest Industrial Grade  
Trailer Mounted Rental Towers

## EVAPCO is more than a name.

It is a pledge to make everyday life easier, more comfortable, more reliable, and more sustainable for people everywhere. How do we fulfill that promise? It is simple.

### **We never stop innovating.**

At EVAPCO, we do not just talk about innovation, it is ingrained in our workflow. Guided by our annually developed R&D plans, we set out to find groundbreaking solutions that transform the way the world works for the better. It is why we have more than 28 patents worldwide in the last 10 years alone.

### **We craft exceptionally built solutions.**

As an employee-owned company, we take pride in our work. We are proud to be one of the most experienced teams of engineers and craftsmen in the industry. This translates into solutions that are always exceptionally built. EVAPCO has an unwavering commitment to provide "best in class" heat transfer solutions and services.

### **We guarantee performance.**

Every EVAPCO solution is put through rigorous research and testing to ensure maximum efficiency and reliability. But we do not stop there. EVAPCO is an industry leader in independent, third-party performance certifications. These certifications guarantee our performance metrics—so that you can plan your projects with complete peace of mind.

### **We protect the environment.**

Innovation and environmental sustainability go hand-in-hand at EVAPCO. EVAPCO's industrial heat transfer equipment not only conserves natural resources and helps reduce noise pollution, they also feature recycled steel content in their construction. Our stainless steel units are constructed of panels that contain up to 75% recycled content; over 80% in galvanized units construction. From sound reduction to water conservation to chemical elimination, we are constantly developing new technologies that deliver the ultimate operating advantages for our clients—and protect the planet for every generation that comes after us.

## Get to Know EVAPCO

- The global innovator in heat transfer solutions
- Serving the commercial HVAC, Industrial Refrigeration, Power Generation, and Industrial Processing markets
- Founded in 1976
- Employee-owned
- 22 manufacturing facilities in 10 countries
- More than 170 sales offices worldwide

# Rental Tower Design & Construction Features

Evapco offers the industry's smartest industrial grade trailer mounted rental cooling tower. Designed to ship fully assembled on a trailer, Evapco's rental cooling tower is a fully engineered solution to meet all of your rental needs.

## Totally Enclosed Fan Motor

- Motors positioned to be easily accessible and serviceable
- Assures long life
- Energy efficient/inverter capable motors supplied as standard
- Covered under standard 5-year motor and drive warranty

## Optional Wire Rack

## Optional Control Panel (Provided by 3rd Party)

- Provided by others
- Factory installed
- Factory wired and tested

## Tie Down Brackets

- Securely attaches the rental unit to a trailer

### Optional Pressure Tap

- Provides pressure readout at inlet connection

### Pick Points

- Single crane pick for multiple cells

### Fork Lift Slots

- Provided for easy trailer mounting

### WST II Air Inlet Louvers (Water and Sight Tight)

- Easily removable for access
- Framed in same material as tower basin
- Improved design to keep sunlight out—preventing biological growth
- Keeps water in while keeping dirt and debris out

U.S. Patent #7,927,196

# Full Spectrum Engineered Solutions

Up To 1,000 Nominal Tons per Trailer

## Evaporative Solutions

Cooling Towers

- AT**
- Highest cooling capacity per trailer
  - Easiest maintenance in the industry

- LPT**
- Low tonnage and low height solution

Closed Circuit Cooler

- LRWB**
- Closed loop operation
  - Alternate fluid capability
  - Low tonnage and low height solution

## Adiabatic Solutions

Closed Circuit Cooler

- EAVWA**
- Reduced water usage
  - No water treatment requirement
  - Minimal maintenance needs
  - Closed loop operation
  - Alternate fluid capability
  - Direct drive fans

## Dry Solutions

Closed Circuit Cooler

- EAVWD**
- No water usage
  - No water treatment requirement
  - Minimal Maintenance needs
  - Closed loop operation
  - Alternate fluid capability
  - Direct drive fans

**Features:** Crane pick points; reinforced inlets and unit corners; tie down brackets

**Options:** Stainless Steel Construction; gear drive with internal motor mount; vibration switch; sump sweeper piping; basin heater with contactor, transformer and disconnect; flanged connections; control panel; wire rack

**Contact your local Evapco sales representative to discuss Evapco's engineered or custom rental solutions.**
